

TSWELOPELE MUNICIPALITY

WATER & ELECTRICITY CONNECTIONS POLICY

1. CONNECTIONS

In order to connect electricity or water to a premises, the owner / lessee should complete a standard form requesting the connection and submit it to the Municipality.

The Municipal Electrician will then calculate the cost, in terms of labour and material, to connect the requested source and provide a quote to the owner / lessee. Included in the quote should be an administration fee equal to 10% of the connection cost.

The owner / lessee must then pay the quoted amount and use his receipt as proof of payment.

The proof of payment is provided to the Electrician who will only then connect the water and electricity to the identified premises.
