Dear Sir/Madam,

CIRCULAR 1/2012: REDETERMINATION OF MUNICIPAL BOUNDARIES

On behalf of the Municipal Demarcation Board (MDB) I would like to thank you and all other stakeholders for your participation in the 2011 process of the redetermination of municipal boundaries. The MDB received valuable contributions, which are appreciated.

The MDB would like to confirm that, in terms of the current constitutional and legal framework, the next local government elections will be held in 2016, following the National and Provincial elections which are due in 2014. This requires that all changes to municipal boundaries need to be finalised in 2013 so that voting districts and the voters' roll can be prepared for the 2014 elections, and wards can be delimited for the 2016 local elections.

The purpose of this circular is to seek your assistance for the next round of consultations, and to share with you information on the remaining part of the process.

Circular 1/2011 cases

In Circular 1/2011 the MDB submitted to stakeholders 558 proposed changes to municipal boundaries, which were discussed with stakeholders in 2011 at meetings arranged per district and metropolitan area. These cases are still under consideration, and the MDB will inform you of its decisions before the commencement of the legal process.

New requests

In response to the Circular 1/2011 invitation, some 453 requests have been received for the review of municipal boundaries.

Persons and institutions that have not as yet submitted motivation for their proposals are requested to provide the data and information as per Annexure D to Circular 2/2011 as a matter of urgency, and **not later than 30 April 2012**.

Details of the proposed boundary changes appear in **Annexure A**. Most cases are new, while others require the reopening of cases already finalised by the MDB. Some of the latter submissions, especially those requesting the reversal of previous decisions, may be rejected by the MDB, while others may be reconsidered.

Stakeholders are requested to consider the proposals listed in Annexure A very carefully, and to try to reach consensus on them before the legal process commences. Consensus proposals or comments will enhance finalisation of the cases listed in Annexure A.

Maps will be posted on the MDB website www.demarcation.org.za before representatives of the MDB visit municipalities in May/June 2012.

Meetings per metro/district area

Before the MDB considers the proposed re-determinations as per **Annexure A**, it would like to afford stakeholders an opportunity to comment on them. In this regard representatives of the MDB will again attend one meeting per district area, and one meeting per metro area during **May and June 2012**. A draft programme for visits to district and metro areas is attached as **Annexure B**.

You will note that no venues have been included in the programme as yet, as the MDB would like to leave it to municipalities to determine venues convenient to them. It would be appreciated if each metropolitan municipality could determine a suitable venue, and municipalities in each district area could agree on a suitable venue for the planned meetings, and inform the MDB accordingly. It is suggested that district municipalities play a coordinating role to ensure that the venue is convenient to all municipalities in their district areas. For this purpose **Annexure C** should please be completed and submitted to the MDB by fax (012-3422480) or by email (robert@demarcation.org.za) **by not later than 20 April 2012**.

Municipalities are welcome to invite other stakeholders in their municipal areas to attend these meetings.

A standard agenda comprising of the following items will be used for all meetings:

- Welcome
- Attendance
- Presentation by MDB representative on proposals received as per **Annexure A**.
- Discussion
- Closure

Though the legal process will allow time for the submission of written views, representations, and objections, stakeholders are invited to submit written comments to the MDB during, or immediately after, the visits to municipalities. Please mention the relevant reference number (**DEM number**) when communicating with the MDB, or its staff. Based on inputs and motivation received during, and immediately after the visits, the MDB may decide not to proceed with some of the cases listed in **Annexure A**.

The legal process

The legal process for some or all the cases presented in Circular 1/2011, and for some or all of the proposed changes listed in **Annexure A** will commence around **July/August 2012**.

Section 26 notices

Section 26 of the Local Government: Municipal Demarcation Act, 1998, requires that the MDB publishes a notice in the media, and that certain functionaries be informed of the contents of the notice. It is important to note that no decision on the redetermination of boundaries have as yet been taken when the section 26 notices are published. Section 26 notices merely reflect the MDB's intention to consider the proposed boundary changes. To comply with section 26 a circular on the contents of the notice(s) will be issued, and it will be sent out by courier, or by registered post, or by email. To ensure that the section 26 notices are published in newspapers circulating in the affected areas, municipalities are requested to indicate in **Annexure C** the name, email address, fax number, and telephone number of the newspapers circulating in their areas. Other means of communication may also be used.

Views and representations submitted in terms of section 26, should please relate to section 24 and 25 of the Demarcation Act, 1998, and in the case of metropolitan areas, also to Section 2 of the Structures Act, 1998.

Possible investigations and public meetings

After the closing date for section 26 submissions the MDB will consider all submissions, and in terms of section 27, **may** take a decision to re-determine the municipal boundaries, or before it takes such a decision, it **may** hold a public meeting, conduct a formal investigation, or do both. It is trusted that stakeholders will be able to come to an agreement on the proposed changes before the section 26 closing date so as to limit these costly formal meetings and investigations.

Section 21 notices

The MDB's formal determination or re-determination of municipal boundaries, and the publication of section 21 notices in Provincial Gazettes to invite objections, will be published around December 2012/January 2013.

Your attention is drawn to section 21(4) of the Demarcation Act, 1998, which places the onus on any aggrieved person to submit written objections to the MDB within a period of 30 days. No extension of this period is legally possible, and any objection received after the closing date will be rejected.

All objections should be based on section 24 and 25 of the Demarcation Act, 1998, and in the case of metropolitan areas, also Section 2 of the Structures Act, 1998.

The MDB will consider all objections received during the objections period, and will then either confirm, vary or withdraw its determination. The MDB's final decisions in this regard will be gazetted by **April/May 2013**.

Provisional programme

The above-mentioned matters are summarised in the following provisional programme, and stakeholders are advised to visit the MDB's website (www.demarcation.org.za) regularly for updated information:

Feb 2014	New Board appointed.
March 2014	MDB commence with ward delimitation. New Board to decide on the process.
June 2015	Handover of final ward boundaries to the IEC.
July - April 2015	IEC prepares for the 2016 local elections.
May 2016	Local elections.

The programme is very tight, and it is essential that all stakeholders make a contribution to ensure that the MDB process is finalised by **April 2013**. Unfortunately the timeframes do not allow for the submission and consideration of new requests other than those listed in Circular 1/2011 and in Circular 1/2012, and any additional requests will only be considered **after the 2016 local elections**.

Provincial boundaries

Your attention is also drawn to the fact that the MDB can only deal with municipal boundaries. Where a proposal affects a provincial boundary, such proposals should **NOT** be submitted to the MDB. The Constitution needs to be amended to deal with such cases, and such requests should be addressed to the Department of Cooperative Governance and the Department of Justice. The MDB has no authority to change provincial boundaries or the Constitution.

Ward boundaries

As per the above-mentioned programme ward boundaries will be reviewed in 2014/15 and stakeholders are requested NOT to submit any proposals in this regard at this point in time. A circular dealing with the ward delimitation process will be sent to stakeholders in 2014.

Municipal Managers are requested to bring the contents of this circular to the attention of all councillors, and other stakeholders in their municipal areas such as ward committees, traditional leaders, community development workers, and the general public.

The Board is looking forward to strengthen its relations with all stakeholders in this process.
